

## 2017 PARTICIPANT'S PRELIMINARY BOOKING APPLICATION

It is important that we have a general idea of the number of sessions you plan to book so we can better prepare, and coordinate equipment needs. Payment in advance will also save you some money.

You will not be held to your preferences below, and **this DOES NOT constitute booking a particular time slot**, but the information you provide will greatly assist administrators in planning for the upcoming season.

**Please indicate up to five (5) sessions** you would like to book, **by marking, with an “X”, on your preferred half-day(s)**. You may request to be wait listed on other program days and will be contacted the week before if space is available. To ensure everyone gets a turn we do not encourage booking more than one session in a day.

If we are unable to fill your request you will be contacted before the first session in order to make adjustments. During the season you will be contacted by email during the week prior to a booked session to advise you of the time for your session.
